

# BIAN Adoption Assessment

▼ The way to evolve your organization

## About the Program

With this program you evolve your organization to interact and have access to new OpenFinance & NeoBanking ecosystems.

Also, you define the landscape to evolve your products to new OpenFinance & NeoBanking environments.

Get in Touch →

### Product Evolution

You define the way to evolve your product portfolio based on real product examples in OpenFinance.

### OpenFinance APIs

You define the API Roadmap in order to prepare your integration layer for this new ecosystem.

### Coreless Banking

You define your new IT Architecture based on Decoupled Strategies and Product Abstraction.
